Solvency II XBRL Taxonomy "Meet-the-market"

Open session with EIOPA's Working Group

Date: 31 May 2015

Venue: EIOPA, Westhafenplatz 1, 60327 Frankfurt am Main

Description

The European Insurance and Occupational Pensions Authority (EIOPA) is inviting software providers using the Solvency II XBRL Taxonomy to join the Taxonomy Working Group session.

Contents

Topics that will be addressed include:

- Detailed information on the new 2.1.0 PWD Data Point Model and XBRL Taxonomy
- Q&A Session and round table open discussion about aspects that participants consider to be covered by the Solvency II Taxonomy. It is advised that the questions and suggestions are preferably provided to EIOPA in advance to this e-mail address.

Objective

The aim of the workshop is to share with the participants the detailed technical information about the taxonomy and at the same time to collect feedback from software providers about potential improvements to the taxonomy.

Target audience

Software providers and other market participants who apply the DPM and/or the XBRL taxonomy in their solutions offered to insurance undertakings.

Duration

The duration of the workshop is half-day (morning).

Pre-meeting material

Participants are advised to be regular users of the artefacts made available by EIOPA in
https://eiopa.europa.eu/regulation-supervision/insurance/reporting-format.

Registration

At this link: https://ec.europa.eu/eusurvey/runner/Taxonomy-Meet-the-market-31052016

Due to the limited available seats (maximum 15), registration is mandatory and EIOPA reserve the right to assign seats on a first-come, first-served basis. Also, the following selection criteria that may be applied: number of attendees from the same company and previous involvement in the Solvency II XBRL taxonomy development and consultations.
